

Fight the spread of germs in your school.

GOJO Hand Hygiene Program for Schools

Kids and teachers are sometimes absent.
Unfortunately, **germs** have **perfect attendance.**

144 million
lost school days
per year.¹

Illness is responsible
for more than 144
million lost school
days per year.¹
But absenteeism
means much more
than just “make-up
homework.”

It can also mean:

- Lost learning opportunities
- Reduced funding
- Increased operating costs for substitute teachers

Most germs are transmitted by hands.

Hands spread germs.

Germs may cause illness.

Illness results in absenteeism.

**How can you help stop the spread of germs
from impacting your school's success?**

Make good hand hygiene part of your lesson plan...

PURELL® – America's #1 brand of instant hand sanitizer.

Soap and water aren't always available or convenient. That's why there's PURELL Instant Hand Sanitizer. PURELL kills 99.99% of most common germs that may make you sick.

In the classroom

On the teacher's desk

In the cafeteria

GOJO® FMX™ Luxury Foam Handwash

Kids love the soft feel. Teachers love that kids are washing their hands. The GOJO Hand Hygiene Program for Schools includes our most popular foam soap.

51% reduction in absenteeism²

In a study conducted in schools, absenteeism caused by illness was 51% lower in classrooms that used PURELL regularly and implemented a hand hygiene educational program vs. classrooms that did not.

Easy to use lesson plans.

The GOJO Hand Hygiene Program for Schools includes lesson plans that will teach kids all about hand hygiene and build healthy habits to last a lifetime. The curriculum was developed by educators and health experts and includes detailed lesson plans appropriate for grades Pre-K-6.

**Experience the results
of a comprehensive
hand hygiene program.**
